Osaka Asahi 1 "End"

There is a land where smut and shaygo fall from the wine-dark heavens into the eyes
of elegant staffers,
a land where dink and brooding men compete with twinkling lesbians for attention,
a land where witty friends discuss the importance of sexual effects in smut scenes,
a land called, Midnight Scores.

If you are hearing the sweet song of projects like Rotary Switch and Might's not Kawaii,
then please in love! Come visit us at <http://www.saphirenet.net/midnightscores/midnight/> to see
if you can join us as a translator, proofreader, cleaner, or typesetter.

Chika

6 years old

171 cm

I am a short person. That's why I look up to
tall girls. My name is Nao but my classmates
gave me the nickname "Chika" in high school.

They didn't even ask me without asking

Was a girl who had the figure of a cool model.

Rin

16 years old

169 cm

He isn't really that short,
but when you compare him to Nao,
he looks like it. He doesn't have a
great role at this point,
so please look forward to him in the
next volume

Kouta
15 years old
156 cm
He's my first character.
I think he's the most childish
character

Michiru-san
17 years old
156 cm

She's not really the type of character I'd
usually draw. She looks like the kind of
woman that would get you into trouble if
you got involved with her.
